

Service Bulletin

Mazda Motor of America, Inc.
7755 Irvine Center Drive
Irvine, California 92718
Telephone (714) 727-1990

Category E	Applicable Model/s All Models	Subject PROPYLENE GLYCOL BASED COOLANT	Bulletin No. 001/94 Issued 10/21/94 Revised
---------------	----------------------------------	---	---

AFFECTED MODELS

All Mazda Vehicles

DESCRIPTION

Mazda does not recommend propylene glycol coolants. Available information indicates the following characteristics regarding propylene glycol coolants:

- Provides less heat transfer
- May not provide adequate corrosion protection (to meet Mazda specifications)
- Freezing temperature is 10 - 20% higher than ethylene glycol based coolants

Mazda recommends ethylene glycol and water mixture. Customer's with questions regarding coolant should be directed to the information in Section 7 of their owner's manual.

IMPORTANT: Service and Parts Managers should read this bulletin carefully, sign and convey all information to those concerned.
